**Annual Plan - 2017-18**

### **Introductory Note**

In this academic year, the Internal Quality Assurance Cell of the college envisions adding new facilities and practices for the continued improvement of all the operational aspects of the college and to ensure the accountability of all its stakeholders for its development.

### **Academic Development**

- To upgrade the UG Departments to PG Departments. (Department of Physics)
- To upgrade the PG Departments (Arabic, Malayalam, and Mathematics) to Research Centres under the University of Calicut.
- To apply to introduce more UG and PG programmes in humanities and science
- To conduct an internal academic audit by the IQAC and an external academic audit by an external agency.
- To analyse the results of each semester and design strategies for improving them.
- To conduct career-related orientation classes for final-year UG and PG students in the aegis of the Career Guidance and Placement Cell of the college.
- To conduct bridge courses for newly admitted students at the undergraduate level.
- To conduct value-added courses in all major departments.
- To prepare an annual calendar for academic and co-curricular activities and monitor the timely implementation of the activities.
- To assist all departments in the preparation of the curriculum planner for each semester of UG and PG programmes.
- To encourage the faculty members to publish research articles in peer-reviewed journals and to do research activities individually and in collaboration with other institutions.

- To get feedback from all stakeholders, analyse feedback, prepare feedback reports, and take necessary actions for the overall development of the institution.
- To conduct an Open House Exhibition on the campus to showcase the resources of the college and to impart innovative ideas to the public with financial assistance from the Government of Kerala.
- To enhance the use of INFLIBNET among students and faculty members

### **Extracurricular Development**

- To encourage students' participation in co-curricular activities on campus and at the university level.
- To promote community outreach programmes focusing on the entrepreneurial development of students and the local population.

### **Infrastructure Augmentation**

- To prepare detailed project reports and estimates for getting funds for the construction of academic and administrative blocks and to submit the same to the state government.
- To prepare a detailed master plan with the help of government or semi-government agencies like KITCO and ARTCO
- To procure more ICT devices to enhance ICT-enabled academic and administrative practices in the college.
- To setup a Cooperative Store in the college
- To construct compound wall on the college campus
- To develop a new website for the college.
- To furnish the seminar hall
- To enhance the security of the campus by appointing a staff for the purpose
